### Become a Data Science Expert

Discover the latest big data technologies and learn how to successfully implement AI tools in a business environment. We'll teach you classic modules, including software development and programming, and will strengthen your analytical, business, and soft skills. Gain technological expertise and apply your acquired knowledge directly in various projects and internships throughout your studies.

### Career Opportunities

With a degree in Computer Science, you can fill senior positions in business analytics, strategic management, or management positions in marketing. You can also become an IT manager or IT consultant.

### Entry Requirements

- Regular track: 3-year Bachelor's degree (180 ECTS) from an accredited university.
- Fast track: 3.5-year Bachelor's degree (210 ECTS) from an accredited university
- Proof of English proficiency: IELTS 6.5. We accept: Academic IELTS, IELTS Indicator | TOEFL iBT | PTE | CAE/CPE/FCE | Duolingo. Waiver possible.

We offer Conditional Acceptance.

## Your Path into the Future

### Our Career Services offers you:

- Workshops and career days
- Application training and interview coaching
- Check of job application documents
- Support with internship, post-graduate job search
- Field trips to partner companies
