SRH Berlin University of Applied Sciences
Berlin School of Management

Digital Supply Chain Management | M.Sc.

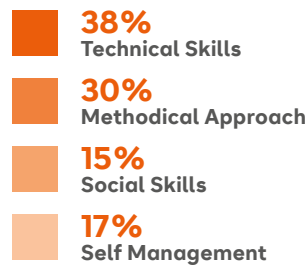

Our Unique Curriculum for You

This Master's programme equips you with the comprehensive skills needed to navigate the complex landscape of digital supply chain management. Beyond mastering foundational business principles, you'll gain specialised knowledge in areas like data analytics, digital transformation, and supply chain technologies. Upon completion, you'll be poised to drive innovation and implement data-driven strategies, capable of making impactful decisions in a constantly evolving digital landscape.

Competencies and Curriculum

- Leadership in digital supply chain settings
- Strategy formulation and execution in digital ecosystems
- Data analytics and decision-making
- Technological innovation management
- Operations and logistics in a digital context
- Ethical considerations and sustainability in digital supply chains

Master's Thesis

Your Future Career

With a strong foundation in both management principles and specialised digital supply chain competencies, you'll be well-prepared for roles such as Digital Supply Chain Manager, Operations Analyst, or Strategy Consultant in tech-savvy, international organisations. Your expertise in areas like data analytics and digital transformation will differentiate you, making you a sought-after professional capable of leading digital initiatives and managing complex supply chains. Optional modules allow you to refine your skillset according to your career aspirations.

Your Success Is Our Mission

- State-accredited programmes recognised worldwide
- Practical approach through internships, case studies, field trips
- Unique competence-based teaching concept: CORE
- Interactive, fun learning centred on individual support
- Personal guidance by our Career Service
- "Customise your studies" exclusive offer
- Partner universities for exchange semesters abroad
- Open, international environment

Financing Your Studies

- EU students have access to 100% financing via "Study Now, Pay Later", solidarity-based initiatives designed to allow equal opportunities for all. Reimbursement starts after graduation and reaching a minimum income threshold.
- Non-EU students can take advantage of student loans/scholarships in their home country.
- Remarkable students may be considered for our Scholarship Programme and win up to 50% off their year 1 tuition fees.

**"YOUR tomorrow is our business.
We're reinventing international
management education towards
the competence-oriented
development of YOUR skills."**
