Berlin School of Management

Sustainable Supply Chain Management | M.Sc.

Our Unique Curriculum for You

This Master's programme provides an in-depth education in Sustainable Supply Chain Management, fusing essential business acumen with a focus on sustainability and ethics. You'll explore core topics like market dynamics, corporate governance, as well as specialised subjects such as sustainability metrics, ethical sourcing, and eco-efficient supply chain design. Upon graduating, you'll possess the flexibility, foresight, and innovation skills needed to make ethically sound and sustainable business decisions, priming you for middle to senior management roles. The course offers elective modules that allow you to further specialise based on your career aspirations.

Competencies and Curriculum

- Sustainable leadership and management in supply chain
- Development and implementation of sustainable strategies
- Ethical and sustainable sourcing
- Sustainability metrics and reporting
- Circular economy principles in supply chain
- Risk management with a focus on sustainability

Master's Thesis

Your Future Career

Mastering both general management skills and specialised knowledge in sustainable supply chain practices, you'll be well-equipped for leadership roles in multinational corporations, non-profit organisations, or consultancies that prioritise sustainability. Your expertise in sustainable sourcing, metrics, and risk management will make you an invaluable asset to employers committed to responsible business practices. The elective modules further allow you to customise your learning journey to align closely with your specific career goals.

Your Success Is Our Mission

- State-accredited programmes recognised worldwide
- Practical approach through internships, case studies, field trips
- Unique competence-based teaching concept: CORE
- Interactive, fun learning centred on individual support
- Personal guidance by our Career Service
- "Customise your studies" exclusive offer
- Partner universities for exchange semesters abroad
- Open, international environment

Financing Your Studies

- EU students have access to 100% financing via "Study Now, Pay Later", solidarity-based initiatives designed to allow equal opportunities for all. Reimbursement starts after graduation and reaching a minimum income threshold.
- Non-EU students can take advantage of student loans/scholarships in their home country.
- Remarkable students may be considered for our Scholarship Programme and win up to 50% off their year 1 tuition fees.

**"YOUR tomorrow is our business.
We're reinventing international
management education towards
the competence-oriented
development of YOUR skills."**
